### **MARK YOUR CALENDARS**

for the upcoming Parks and Recreation Commission meeting that will include a community workshop. You will have the opportunity to share your thoughts on two alternative concept plans for Quarry Park and help us in developing a preferred concept.

The City of Saratoga recently purchased the 64-acre Quarry property located on Highway 9 near the Historic Saratoga Village and Hakone Gardens. The goal of the planning process is to work closely with the community to develop a park that will promote public access and recreation, encourage resource protection, and develop important local and regional trail connections. On July 9th, the City of Saratoga had its first public workshop to craft a vision, which is now guiding the development of the new Quarry Park.
