Oral & Written Communications: Any member of the public may address the Commission about any matter not on the agenda for this meeting for up to three minutes. *Commissioners may not comment on the matter, but may choose to place the topic on a future agenda.*

New Business (Chair moved it ahead of old business)

1. Saratoga Heritage Inventory List

Issue: On May 12, Staff Liaison Henig was contacted by HPC Commissioner Stransky to add Saratoga Library to the HPC's "Saratoga's Heritage Inventory List." Stransky plans to complete application for the Library to obtain status on the Inventory List.

Action: Stransky will provide details of the application process. Commission should discuss and vote whether to support.

Heritage Preservation Commissioner Annette Stransky had been researching whether the Saratoga Library could be added to the Saratoga Heritage Inventory List, which is determined by the Heritage Preservation Commission. City Staff Planner Michael Fossati explained that in order for the Library to be eligible for the Inventory List, it must meet only one of the seven criteria. Commissioner Stransky felt that the Library qualified under two of the seven qualifications:

- a) It exemplifies or reflects special elements of the cultural, social, economic, political, aesthetic, engineering or architectural history of the City, the County, the State or the nation;

- b) It embodies distinctive characteristics of a style, type, period or method of construction, or is a valuable example of the use of indigenous materials.

Commissioner Stransky offered to conduct further research and prepare the Library's application. Since the City is the property owner, Fossati explained, the process itself would be expedited. Also, he noted, once the Library is placed on the Inventory List it potentially could lead to it being selected as a state landmark. Marty inquired about the application process. Fossati explained:

- 1) Notify the owner (City)
- 2) Must meet 1 of 7 criteria
- 3) Notify City Council during Joint Meeting or beforehand
- 4) If Council approves, contact HPC and submit application

Interim Library Director Donald inquired about the advantages and disadvantages of having the Library listed on the Inventory List. The disadvantage, Fossati said, would be that if the Library made any changes to its exterior (liking adding a bike rack or landscaping changes), it would have to notify HPC ahead of time. HPC might, for example, recommend that action not be taken. The Library, however, could still pursue constructing the rack without penalty. The advantages, explained Commissioner Stransky, included enhanced prestige to the Library, increased foot traffic, and potentially lead to future state landmark status.

Chair Marty wanted to add this item to next meeting's agenda. Vice-Chair Gulino would like a status report at the next meeting and recommended Commissioner Stransky work on the application—once Council approves. Fossati recommended that he and Staff Liaison Henig will work together with City Manager about proposing the task to City Council.

Old Business

1. Battle of the Books (adult version) Update

Issue: Update from Commission Chair Marty. Commission needs to finalize event details such as date (10/17 or 11/7), rules, marketing ideas, and logistics. Divide duties among commissioners.

Action: Commissioners need to establish event plan.

Chair Marty and Vice Chair Gulino recommended that the event replicates a "Pub Trivia Night" rather than the youth-oriented Battle of the Books. It's more manageable and practical, they contended. Most Pub Trivia Nights are organized and operated by Brainstormer, a third party vendor. Gulino will meet with a representative to get ideas and possibly inquire about hiring for the Library's event, which will be scheduled on Saturday, October 17 from 3:00-5:00 p.m. Trivia questions will focus on a variety of genres such as romance books and geography. Chair Marty motioned to hold a special meeting for planning the event on Tuesday, July 14 from 4:00-6:00 p.m. Vice Chair Gulino seconded and Commission voted 4-0 to hold a special meeting. Kispersky mentioned he won't

be able to be present. Commission recommended to have a representative from Brainstormer present at special meeting.

2. Library Card for Every Resident

Issue: Commissioner Kispersky will continue discussion about reaching out to community and increase the number of library cards issued to Saratoga residents.

Action: Discuss further how to pursue this project.

Kispersky met with library staff, who notified him that they were already placing library card applications in K-12 first day school packets. Library also mentioned that their targeted populations are fourth and fifth graders. Friends of Library President Creamer recommended that the Commission and Library staff reach out to teachers, who can influence parents about the importance of having a library card. Also, it was recommended by Donald to add library cards to the “classroom supply list.”

Reports

1. Nancy Howe, Santa Clara County Librarian - All libraries were closed June 3 for software migration. Systems software upgrade enhancements will include a fresh new look for SCCLD’s online library catalog, improved search functionality, and access to more book reviews. The Library will be sending out a patron survey soon to determine how well its new software fared. Beginning July 1, the Library will begin issuing free library cards to non-district residents of all ages. Commissions will receive monthly reports on usage increases so that the Library can monitor the impact. Also, the Joint Powers Authority Library Board decided to increase the Community Room reservation fee to \$25.00 for four hours of use from a \$10.00 flat fee. Each use of our community rooms costs the library an average of \$35 in staff time. The community room fee increase will recoup some of these costs and will be the first community room fee change in over 15 years.
2. Roslyn Donald, Interim Saratoga Community Librarian – The Library is in midst of ending its “Grand Tour of China” series, which featured Chinese Calligraphy , authors, and artists. The end of the year teen events included Study Hall for Finals and a “Teen Lock in.” In mid-May, staff visited all of the K-8 schools in Saratoga, encouraging students to utilize the library. Donald mentioned that program evaluation results demonstrated that most patrons hear about a program from either a poster, the Library’s website, a staff member or word of mouth.
3. Terrie Creamer, Friends of the Saratoga Libraries - The Friends grant to the library for 2015-2016 is \$141,000. This includes the ability to purchase bestsellers, sponsor programs for all ages, provide community outreach hours, augmenting collections, and maintaining the literacy program. The author series will resume on September 2
4. Lauren Marty, Library Commission Chair - none
5. Adam Henig, City of Saratoga Liaison - mentioned Library Commission applications are available for one spot on the commission—Whitcomb’s seat.

Green Teen Garden Project at Cupertino Library Receives Award

The Urban Library Council (ULC) has announced its 2015 top innovators. ULC's annual Innovations Initiative is a showcase to share and inspire new ways of thinking and working that libraries implement to benefit people and communities. The Green Teen Garden Project was awarded an Honorable Mention for Sustainability.

Santa Clara County Library District, CA The Green Teen Garden Project@ Cupertino Library www.sccl.org
Teens in Cupertino replace their smart phones and tablets with rakes, seeds, and soil for four months to develop gardening and sustainability skills. The Cupertino Library's Green Teen Garden Project teaches these new skills through a four month, hands-on program led by library staff and veteran gardeners.

Participating teens learn best gardening practices and green living skills by maintaining a self-contained, organic garden located inside the library's courtyard. After two years of operation, the project has produced 40 teen eco-enthusiasts and donated more than 45 pounds of fresh organic vegetables to people in need.

Integrated Library System (ILS) Software Migration Update

We have been running Innovative Interface's Sierra ILS and public catalog Encore since June 3rd. The migration has not gone as smoothly as we expected. Patrons have experienced problems with the catalog, particularly the login and holds functions. We were also unable to migrate the patron lists from

the previous catalog by June 3rd as we had hoped. Staff is aggressively working to identify and get bugs fixed, conduct testing, assist patrons, communicate all problems with the vendor, and explore alternative solutions. FAQs and a method for reporting problems can be found at <http://www.sccl.org/Catalog/Catalog-FAQs>. Thank you for your patience as we work through this major technical challenge. We are committed to giving our patrons a superior catalog experience.

Bus Driver Aids Quick Return of Child Abducted from Milpitas Library

http://www.mercurynews.com/milpitas/ci_28282099/bus-driver-recounts-actions-that-saved-abducted-milpitas

Thanks to the quick response of VTA, Law enforcement, and library staff, a 3 year old boy abducted from the Milpitas Library on June 8th was swiftly returned to his parents. In a matter of minutes, the library was searched, 911 was notified, and the Milpitas police were on site. The incident is a sober reminder to families and staff that libraries are very busy public buildings. Milpitas City Council formally commended Debra Serrano, Milpitas Library Clerk, who called police dispatch and provided critical information about the abducted child and suspect. The Milpitas Police and County Sheriff’s Department are assisting the Library staff with review of emergency procedures.

New Version of Welcome Brochure Available

Starting July 1, library cards became free to all regardless of residents. A revised brochure reflecting our current policy has been printed and will be distributed to commissioners.

**August 2015
Commission Report
Nancy Howe, County Librarian**

On July 1, the Santa Clara County Library District stopped charging non-residents for library cards and began offering free library cards to all. We were glad to welcome so many patrons back. A total of 5679 new cards were issued during the month of July to non-residents. More detailed statistics will follow in next month's report.

On Monday, August 17, we will change our online catalog. On June 3, we went live with a new online catalog, Encore. We learned through an online survey that a majority of our patrons preferred the former catalog, Bibliocommons. They told us they liked the user interface and functionality of Bibliocommons. Also, some expected features in Encore did not work. We listened to our patrons and are pleased we were able to respond so quickly.

Every 50 books the child visits the library and receives 2 stickers, along with larger prizes at 100 (First 5 water bottle), 500 (book bag), and 1000 (book and certificate of completion) books. - Saratoga Community Center Bookstore: The Friends of the Saratoga Libraries is pleased to announce the opening of an additional used bookstore at the Saratoga Community Center. We are offering a constantly-changing inventory of approximately 500 hardcover and paperback books for adults, children, and teens. These are the same great books and great prices also available at our used bookstore, the Book-Go-Round in downtown Saratoga, and at the Friends Café Bookstore in the library. Thank you to Michael Taylor and Adam Henig for their collaboration with the Friends on this project.

- National Friends of Libraries Week: The Friends of the Saratoga Libraries will be participating in National Friends of Libraries week October 18-24, 2015. We are planning a library contest for children as well as informational displays to acquaint the community with our organization and our activities.

- Membership: We are kicking off our 2015-2016 membership drive with a renewal letter mailing to current members on October 19th. We are also concluding a phone campaign to reach out to 160 past members who had allowed their memberships to lapse to invite them back into the membership.

- Friends Literature: We are in the process of updating and redesigning our tri-fold brochure.

- Friends Direct Mailing: We are targeting March 2016 to send a direct mailer to all Saratoga residences. The purpose of the mailer will be to increase awareness of the Friends and the Saratoga Library and to specify how the community can support the Friends.

- Friends Outreach: We are always looking for new ways to increase our presence in the community. Particularly, we would like to increase traffic in our used book stores and expand our membership base. Any ideas or suggestions would be appreciated.

Respectfully submitted,
Lisa Finley
