RE: Village Streetscape Improvement Meeting

Dear Property Owner / Village Merchant:

The City will be holding a meeting to solicit input from residents and business owners regarding pedestrian and safety improvements in the Village.

The City received a second Pedestrian Enhancement Grant from the Santa Clara Valley Transportation Authority to improve patron safety along Big Basin Way while taking into account the unique and historic environment of the Village. Primarily, work will be focused on completing the pedestrian safety and beautification improvements envisioned, but could not be funded in Phase I. This meeting will be for members of the public to share their thoughts on where to focus the new funding and to review conceptual drawings developed by the City's Landscape Architects, Gates and Associates.

Some of the planned improvements are:

- Sidewalk improvements
- Pedestrian bulb outs
- Crosswalk in-pavement lighting
- Landscaping
- Irrigation
- Lighting
