DESIGNATION CRITERIA – Please check off or circle the qualifying criteria below.

The site or structure qualifies for designation because:

It retains a substantial degree of architectural and structural integrity with respect to the original design

AND it meets at least *one* of the following criteria (*two* for Landmark status):

- a) It exemplifies or reflects special elements of the cultural, social, economic, political, aesthetic, engineering or architectural history of the City, the County, the State or the nation; or
- b) It is identified with persons or events significant in local, county, state or national history; or
- c) It embodies distinctive characteristics of a style, type, period or method of construction, or is a valuable example of the use of indigenous materials; or
- d) It is representative of the notable design or craft of a builder, designer, or architect; or
- e) It embodies or contributes to unique physical characteristics representing an established and familiar visual feature of a neighborhood or district within the City; or
- f) It represents a significant concentration or continuity of site, buildings, structures or objects, unified by past events or aesthetically by plan or physical or natural development; or
- g) It embodies or contributes to a unique natural setting or environment constituting a distinct area or district within the City having special character or special historical, architectural or aesthetic interest or value.

HISTORIC SIGNIFICANCE

Please provide sufficient information to support the criteria selected for designation, including dates, events, and persons associated with the property.

- List the ownership history of the property, dating back to the date built.
- Identify the name of the original Architect and/or builder
- Identify persons significant in local, county, state, or national history.
- Identify the architectural style and the year of original construction
- Describe any alterations (addition, remodel, etc.) and date of alteration
- Describe the existing condition of the site or structure including any deterioration
- Describe any outbuildings/walls/fences on the property
- Describe any know relocation of the structure including dates and locations
- Describe the property including its approximate dimensions and acreage
