Poem:

Bird

Bird is my neighbor.
They live next to my house in west valley college.
They sometimes fly over my house.
I have seen a lot of birds, like duck, blue jay,
goose, crane, crow, black-crowned night heron,
sparrow, humming bird, seagull and so on.

About the Poem:

How did I write this poetry?
Because I have seen a lot of birds, and my favorite animals are birds, like duck, blue jay, crow, humming bird and sparrow. I wish I could fly, they can fly. So I like them. My most favorite bird is humming bird. Because they are colorful and eating flowers. Flowers smell good. Sometimes I imagine and create birds in my deep brain. One of my creation is a humming-seagull. Its wings, tail and tummy are humming bird's. And its head, feet and beak are seagull's.
